Dear David:

Please find enclosed a copy of the letter that Genwal Coal Company is submitting to the Division of Water Rights to obtain a drilling permit. This permit is to drill two in-mine groundwater monitoring wells.

Drilling is planned for the latter half of August, 1991. I will contact you and let you know what the exact drilling dates are when a drilling contractor has been chosen and scheduled.

Please review the drilling permit application letter and contact me (561-1555) if you have any comments or questions.

Sincerely,

Brent K. Bovee  
Geologist
